MEMORANDUM FOR: Deputy Director for Support

SUBJECT : Chain Bridge Traffic

REFERENCE : Memo dtd 21 Jun 68 to DDS fr D/L, Subject: New  
Proposed Solution for Improving Traffic to  
Virginia Over Chain Bridge

1. This memorandum suggests action on the part of the Deputy Director for Support; this action is contained in paragraph 3.

2. As covered in detail in the referenced memorandum, a proposed solution for the subject problem was presented to Mr. L. E. Brett, Jr., Virginia Department of Highways, on 19 June 1968. At that time, Mr. Brett was advised that Mr. Douglas Fugate, Virginia Commissioner of Highways, would be apprised of the current Route 123/120 intersection situation by Agency letter. It is considered that this letter can serve the additional purpose of presenting the key advantages of the proposed solution to Mr. Fugate inasmuch as Mr. Brett may not have forwarded all of the details of the concept through the lower echelons of the Department of Highways.

3. It is recommended that the attached letter to Mr. Douglas Fugate, Virginia Commissioner of Highways, be forwarded.
